NEW TRAIL

Is Being Followed by Troops in Mexico, Says Army Aviator

JUST RETURNED FROM SCOUTING TRIP

Another Report Says Villa is at Parral

DEATH NOT ORDERED

War Department's Orders Directed General Funston to Disperse Band Which Attacked Columbus, N. M. and to Withdraw Troops When This Had Been Accomplished.

(ASSOCIATED PRESS TELEGRAM)
Expeditionary Field Headquarters, South of Namiquipa, April 5.—(By Aeroplane and Wireless to Columbus, N. M., April 8.)—That the American troops are on a fresh trail of Villa is a report made by an army aviator and an observer who returned today from what may prove one of the most important scouting flights of the campaign.

(ASSOCIATED PRESS TELEGRAM)
El Paso, April 8.—Information from Mexican sources today said that Francisco Villa had reached the environs of Parral and had sent emissaries into the town to test the spirit of the garrison and also to obtain provisions. No verification of the report was possible, but the fact that the bandit was reliably reported to have been only five miles from Parral two days ago gave color to the story.

This information served at least to act as a considerable damper on the hopes of those who thought that the bandit's career might be ended by another brilliant dash on the part of the American troops who have pushed south to Satevo. Army officers here say that a repetition of Colonel Dodd's exploit was hardly likely in view of the great distance of the advance corps from the nearest supply base unless Villa was within fifty or sixty miles of the Americans. If he has reached Parral, it is said that the chase must settle down into a steady grind with the issue to be decided as an endurance test between the United States soldiers and the bandits.

The repeated disappointments of the troops of a speedy termination to the pursuit has given new life to the alarmists on the border. The stories of the missing Carranza troops in proximity to the international line, which had died away for a period, have been revived in all their old vigor and with several additions. While there is no doubting that there are considerable numbers Carranza soldiers at several points within 20 miles of the Sonora and Chihuahua, there is no doubt that their numbers have been greatly exaggerated by the alarmists.

No exact estimates is possible as the troops are constantly shifting from town to town but Americans who have passed through northern Sonora and Chihuahua in the last two weeks are convinced that the total is not more than 10,000 and possibly less. General Calles in Sonora has between 4,000 and 5,000 men with some artillery. In Northern Chihuahua there is apparently a slightly larger number scattered over a very large district.

These soldiers are drawn from the most ignorant classes of the peons and most of them have served in the armies of Villa and other factional chiefs, changing their allegiance at their officer's bidding without knowing very much of the politics of the situation. Americans, long resident in Mexico assert that the loyalty of the peon soldiers depends largely on the question of how well he is treated. It is on this contention apparently that the majority of the stories of the dissatisfaction of the Carranza troops are based. It is pointed out that the depreciation of the Carranza currency has reduced the private soldier's pay to an equivalent of four cents a day American money, and that on this slender sum he is expected to feed himself.

Every day brings a fresh story here that the Carranza army is about to revolt, the sole basis being the fact that they are undeniably ill-fed and clothed and consequently discontented. Local and military officials here frankly recognize the possibility of such a revolt and are fully prepared to meet any emergency that may arise.

One factor which has undoubtedly caused much murmuring among the people of Juarez is the decree of General Carranza closing the gambling and other vicious resorts in the town and suppressing the sale of all intoxicants, except beer. Formerly a tide of American "old" flowed into Juarez from the pockets of tourists and others who patronized the night life of the town. Today the town is practically dead and the few Americans who wander across the international line are

SNOWSTORM

Covers Most of Region East of the Mississippi, Says Weather Bureau

OHIO TO BE IN GRIP OVER SUNDAY

No Extreme Cold Has Been Reported

NEXT WEEK'S FORECAST

Promises Cold Weather in Central Valleys and in the East for Early Part of Week—Reports Indicate Snowstorm Has Broken Records for Past Fifteen Years.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 8.—Snowstorms centering over the Ohio valley and Cape Hatteras were moving eastward and northward today and promised to cover almost the whole region east of the Mississippi and north of the gulf states. Temperatures had dropped below seasonal averages in most of that territory, but not extreme cold was reported.

Snow or rain for tonight was predicted by the weather bureau for New England, New York, the Ohio river valley and the lower lake region and it may continue tomorrow. The snow storm in the Ohio valley is expected to last into Sunday with a possibility of freezing temperatures in part of that region.

In its forecast for the week beginning Sunday the weather bureau says: "Unseasonably cool weather will prevail the first half of the week over the great central valleys and the districts east thereof with probably frosts throughout the interior of the gulf and South Atlantic states, except the Florida peninsula, the freezing temperatures throughout the Mississippi and Ohio valleys, the lake region, the Middle Atlantic and New England states."

"The latter part of the week in these regions will be much warmer. The storm that now covers the Ohio valley and the Middle Atlantic states will advance northeastward and be attended by snows Sunday in the Ohio valley and lower lake region and snow or rain in the North Atlantic states. With this exception generally fair weather will prevail throughout the country during the coming week."

SNOW STORM VISITS CITY AND VICINITY

Snow began falling last night about ten o'clock and kept it up at intervals throughout the night and today. The thermometer registered 36 at midnight and forty at noon today. The inclement weather will spoil the sport of the fishers at Buckeye Lake and they will have to wait until the weather man is in a more pleasant frame of mind as he has promised us more snow tomorrow.

It is not believed that the cold weather of the past two nights has done any damage to young fruit as it is not far enough advanced. There has been little if any planting of vegetables except in hot beds, and of course they are protected from the chilly blasts.

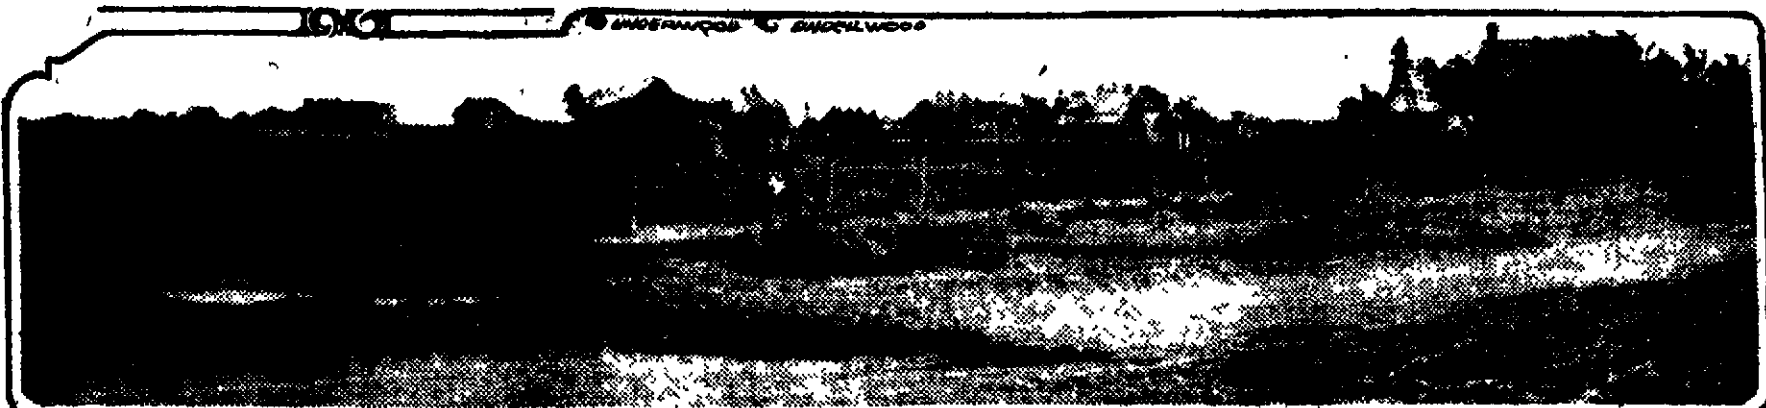

(ASSOCIATED PRESS TELEGRAM)
Columbus, April 8.—As much as two inches of snow fell in some points in Ohio during a storm which began last night and is continuing today. Weather officials say the precipitation is notable for April. Cincinnati reported a fall of two and one-half inches and Columbus two.

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, April 8.—As much as six inches of snow fell in many parts of Pennsylvania and New Jersey today, the weather bureau in this city reporting the storm as a record breaker for this time of year. In Philadelphia up to 10:00 a. m. there was a fall of three inches and two inches of snow covered much of Delaware. The snow is expected to turn to rain.

(ASSOCIATED PRESS TELEGRAM)
Toledo, April 8.—Of all Ohio cities hit by last night's and this morning's storm, Toledo probably suffered most. With street cars at a standstill because of the strike, Toledoans were compelled to face a blinding snow, driven by a 38 mile an hour wind, on their walk down town today.

The sight of thinly clad men and women trudging bravely through the slush and against the bitter wind was eloquent of the hardship the car-tie-up in many cases is working on the laboring class. Many workers stayed home and lost the day's wages in preference to facing the storm on foot.

MORMON VILLAGE IN MEXICO IS LIKE UP-TO-DATE COMMUNITY IN UNITED STATES

General view of the Mormon town of Colonia Dublan, near Casas Grandes, Mexico.

Colonia Dublan, the Mormon settlement in northern Mexico which was marked for massacre by Bandit Villa but saved by Pershing's men, resembles an up-to-date rural district in the United States. It is like an oasis in the dreary Mexican desert. The settlement is near the field headquarters of the expeditionary force under General Pershing.

MEXICANS

PLAY NATIVE AIRS FOR GENERAL PERSHING AT SAN GUERINOMI CAMP.

First Music For Soldiers Since Troops Entered Mexico—Aeroplanes Used For Pathfinders in Mountains.

(ASSOCIATED PRESS TELEGRAM)
General Pershing's Camp at San Guerinomi Ranch by Aeroplane and Motor Courier to Columbus, N. M., April 8.—A Mexican poun four piece orchestra gave an unexpected Sunday night concert in General Pershing's camp last night. It was the first music to which the American forces have been treated since they entered Mexico more than two weeks ago.

The orchestra came into camp in a wagon, returning from a Sunday "felicitation" at a nearby ranch, and was halted by eager shouts of the soldiers, just as the camp fires were lighting about the broad, enclosed Mesa which is the camp site. There was a vaquero driving the wagon, four musicians and three children in the small wagon box, and a bass viol as big as an army soup kitchen lashed on behind the wagon with hemp ropes. Beside the vaquero driver sat a woman, her arms filled with a heavy bundle, which seemed to hold several babies. The orchestra played a few selections for the soldiers, including "La Cucuracha," the Villa marching song.

General Pershing called the musicians over to his camp site, an open long fire, a cracker box for a chair, and a wind broke made of yellow scrub daisies, a mountain flower, the only foliage available, thick enough to shoot off the sudden gales. There was no sign of wind when the orchestra ranged in a semi-circle in front of the general. The camp fire smoke rose almost perpendicularly, and sounds carried for great distances.

"Play some of the Mexican national airs," said General Pershing. The Mexicans played "La Goldolina," and then some Carmen selections.

Wonder was expressed at their musical talent for they were a ragged type of peons, dressed in blue jeans, all except the Vaquero who stood at the head of the line, more ragged than all the rest, but displaying a pair of leather chaps reaching nearly to his hips. At General Pershing's request, one of them sang "Adelita," a favorite Mexican song. This concert under the stars, on a nearly treeless wilderness, lasted for more than an hour, then the Mexicans climbed into their wagon seemingly greatly pleased, and drove across the plains, without lights, over country which the Americans have some difficulty getting through even with lights.

Each day has found new uses for the army aeroplanes, which for the first time began flights among the cliffs and crags of the peaks of the Sierra Tarahumara, less than a week ago. It has been discovered that they are excellent pathfinders. The native scouts have not been entirely satisfactory and in a few instances, when scouts did not give clear descriptions of what trails lay beyond a ridge, an aeroplane has gone up, returning with information which in few minutes was transformed into a good trail and topographical map.

The planes have demonstrated the skill of the army aviators by daily adventures which they have pulled through safely. Two days ago an aviator was caught in a wind which blew off his goggles. He finished his ride with an icy wind estimated at nine-miles an hour blowing into his eyes.

Whenever they are on the ground the aviators keep in mind General Pershing's orders to demonstrate the army's friendliness and they have had some startling opportunities in this line, landing among Mexicans who have never before seen any American military outfits.

Everywhere along this front the minds of the people seem to have been filled with suspicion against Americans. There is evidence that Villa himself not only told the Mexicans whom he passed in his retreat that he would return to punish them for having anything to do with the Americans, but he also spread false rumors through agents all over this section of Chihuahua. In some villages where the Americans have not yet penetrated the Mexicans seem to expect an immediate reign of Villa in his full power. However, where the United States soldiers have had time to make themselves known, the fear of Villa seems to be wearing off.

Chamber of Commerce To Be Organized; Plans Made For Great Community Work

Newark is to have a Chamber of Commerce of the most modern type. The new organization is to come as a result of a community-wide forward movement. The Board of Trade and the Merchants' Association are jointly back of the new movement. Other interests that have not been identified with either of these organizations will also take part, and there is every assurance that the Chamber of Commerce when organized will be truly representative of the wealth, population, and commercial importance of Newark.

The movement is the result of weeks of investigation and planning. For years it has been recognized that the commercial, industrial, and civic forces of the city were not organized on a scale to secure the best results. Reports of effective work being done by organizations elsewhere have come continuously to local citizens and there has been a demand for a civic uprising that would result in a type of community-building body equal to any in the state.

As is generally known in business circles, a joint committee from the Merchants' Association and the Board of Trade has been working on the problem. An investigation of organizations elsewhere was made, the advice of men at the head of these organizations secured, and definite plans were decided upon.

Headquarters were opened a week ago in Rooms 409-410 Newark Trust building, and much preliminary work for the forward movement has already been completed.

The joint committee made the request that no announcement of the proposed movement be made until a survey of the city had been completed, and the general plan for the organization fully decided upon. Leaders in various lines of business have been consulted and in no single case has hearty support, both in ser-

vice and in finance, been refused. Men who have not taken part in local commercial civic organizations have strongly indorsed the plans, after seeing the business-like foundations upon which they were built. Various committees to head the big movement are being formed, and will be announced Monday. These committees are being made up irrespective of whether the men are members of any existing organization, the idea being that this is to be a Citizens movement, and the new organization is to start with a clean slate with a greater vision of the possibilities of Newark along industrial, mercantile, civic, and agricultural lines.

The Chamber of Commerce, as planned, will be comprehensive in scope, and will deal with every phase of community life that means growth and welfare for the city. It will be amply financed, and its administrative machinery of a type to insure the active interest of the membership throughout the year.

The plans are going to be made public from day to day beginning Monday. Meetings will be held, and other means taken to acquaint the community thoroughly with every detail.

It has long been recognized that Newark has been backward in organizing its commercial forces for city-building purposes. All through the country in the past ten years there have been efficiency movements along the lines that will be worked out here. Competition between cities is becoming keener, and there are many authorities who say that the growth of cities is in direct proportion to the efficiency of their commercial organizations.

The general public is going to be asked to study the plans as they are unfolded for the success of the movement will depend upon a thorough knowledge of what is proposed.

RECEIVER

FOR STREET RAILWAY NAMED BY FEDERAL JUDGE TODAY IN TOLEDO.

Court's Appointee Will Not Take Charge Until Monday and Court Hopes Trouble is Settled.

(ASSOCIATED PRESS TELEGRAM)
Toledo, April 8.—Captain John Craig has been designated to be receiver of the Toledo Railway & Light company but will not be qualified until 9:30 Monday morning.

Federal Judge Killits announced from the bench this morning that the sound of car wheels at that time will be his only signal to longer defer making the appointment.

If the company and its men agree before that time court action will be unnecessary. Under receivership, cars will be running next Wednesday, Judge Killits said. He announced that it would require two days time and preparation after appointment of the receiver to again put the lines in operation.

Company officials and labor leaders were subpoenaed to appear this morning in Federal Court. Both sides reported that the last of many conferences, which adjourned at one o'clock this morning, had resulted in a deadlock.

The company offered an increased wage scale, which was accepted. It ranges from 26 to 32 cents an hour. The company refused to concede the right of the car men to wear the union button while on duty; to order reinstatement of men discharged by the company, or to insist that no more non-union men be employed. It was not sought to exclude the 135 non-union men remaining in the company's employ.

The car men held a mass meeting this morning and approved the action of their negotiations with the company.

Henry L. Doherty, chairman of the board of directors of the railways and light company, said at noon that if further conferences are held, it will be only upon the request of the men.

BOOM FOR ROOT FOR PRESIDENT IS LAUNCHED

(ASSOCIATED PRESS TELEGRAM)
New York, April 8.—The movement for the nomination of Elhu Root for the presidency, launched last night by a statement bearing the signatures of 74 prominent republicans, is supported by Robert Bacon, former member of Colonel Roosevelt's cabinet and one of his closest friends. In a statement published today Mr. Bacon says: "My first choice is Elhu Root; my second choice Theodore Roosevelt."

Mr. Bacon last week was host at the luncheon which brought Colonel Roosevelt and Mr. Root together for the first time since the latter opposed Mr. Roosevelt in the republican convention in 1912.

William Barnes, republican national committeeman, many of whose adherents signed the statement, declared there was nothing behind it except a desire to promote the nomination of Mr. Root. He denied emphatically a report that the statement was a maneuver to help the candidacy of Colonel Roosevelt.

It was learned today that the Root movement crystallized at a convention held here last Thursday at the Union League club. Mr. Root, it was said, knew that the statement was to be issued and offered no objection. Nineteen of those who signed the Root statement are delegates from New York state to the national convention. Among them are two of the four delegates at large, United States Senator James W. Wadsworth Jr., and State Senator Elton R. Brown.

Two Women May Die of Burns; Gas Explodes

(ASSOCIATED PRESS TELEGRAM)
Cleveland, April 8.—Mrs. Josie Castro, 35, and her daughter, Annie, 17, are dying as the result of burns sustained today when an explosion set fire to their home. The blast occurred when Mrs. Castro lighted the kitchen stove to start breakfast. Mrs. Castro clothing ignited and the daughter was burned trying to save her mother. Six families, living in the building were obliged to flee the flames in their night clothes. The building was wrecked.

FATHER ATTACKED BY SON MAY BE FATALY INJURED

(ASSOCIATED PRESS TELEGRAM)
Wheeling, W. Va., April 8.—W. Bethel, a prominent resident of Flushing, O., was attacked early today by his sixteen-year-old son Elton, and according to physicians was so badly injured that he will die. The attack took place in a local hotel where Bethel and his son were stopping, the father having brought the son here to consult a specialist. It being believed that the boy was suffering from a neurotic ailment.

Young Bethel attempted to drown himself in the Ohio river yesterday but was rescued.

VON JAGOW SPEAKS OF RUMORS

Reaching Germany—"Too Absurd for Denial"

ADVANCE NEAR VERDUN

Germans Announce Capture of Positions West of the Meuse and French Report Admits the Loss—Fight With Hand Grenades Give Advantage to French—Austrian Transport Sunk.

The salient in the French lines west of the Meuse, with the village of Bethincourt at its sharp angle, is being pounded on both sides by the crown prince's troops, which in their last drive succeeded in making a new dent in the line southwest of Bethincourt.

The success was achieved near Haucourt village, the important position lost by the French on Wednesday, the Germans gaining a footing in two small field works between Haucourt and Hill No. 287, which lies two-thirds of a mile to the south of the village.

On the other side of the salient there also has been sharp fighting, but according to Paris today the advantage here was with the French, who bested their adversaries in grenade combats between Bethincourt and Chantannourt.

There has been little fighting elsewhere in the Verdun region. A German grenade attack near Fort Vaux was repulsed by the French whose position east of the Meuse have been subjected to intermittent bombardment.

An Austrian transport has been sunk in the Adriatic by a French submarine, Paris announces officially. There is no let-up in submarine activity. Added to the list of vessels destroyed are the steamers Chantale, of 4,949 tons, and Braumont of 4,575 tons, and the schooner Clyde of Whitstable.

A bill submitted to the Dutch parliament authorizes the calling up of the recruits of the 1917 class if it should be deemed necessary. Economy and commercial questions will be discussed by the Entente allies in a conference to be held in Paris beginning April 20, and continuing four days.

(ASSOCIATED PRESS TELEGRAM)
Berlin, April 7, via London, April 8, 1 p. m.—Recent press dispatches have brought word of statements in the Canadian parliament and Canadian newspapers that Germany was planning after this war to plunge upon the American continent, and particularly to demand cession to Germany of the Dominion of Canada. In a conversation with Herr von Jagow, minister of foreign affairs, The Associated Press correspondent referred to these rumors. The foreign minister's first reply was an outburst of laughter.

"How can people invent or believe such stories," he asked. "To any not entirely blinded by passion it is evident beyond doubt that Germany never pursued such senseless aims and never contemplated doing so."

"Can one imagine a state of affairs in Europe after the war such that we should have the leisure or a free enough hand to divert our strength and efforts to such a task on the American continent?"

"Equally ridiculous, though unfortunately this phase has a serious side, are rumors which I understand here and there are current in the United States, that Germany after the war will take revenge on the United States by pursuing an anti-American policy. It is even reported to me that some apprehensive souls in America are endeavoring to break down the Monroe doctrine, plant its flag in South and Central America, or even a design to leap upon the United States and crush them in order to attain mastery of both continents."

"I need hardly assure you such reports, which from time to time have been set afloat by enemies of Germany in the evident intention of stirring feeling against it, are too absurd for denial."

"Again, I would ask American doubters to remember the attitude of Germany during the Mexican crisis. Although extensive German commercial interests were involved and although there was a strong demand for independent action to protect those interests during the protracted era of disorder, the imperial government at all times stood for leaving the United States a free hand in its policy toward Mexico."

ADMITS GERMAN GAINS.
(ASSOCIATED PRESS TELEGRAM)
Paris, April 8, 2:15 p. m.—The Germans renewed their attack south of Haucourt in the Verdun region last night and gained a footing in two small field works between Haucourt and Hill No. 287, the war office announced today.

It's Wonderful How Resinol Stops Itching

To those who have endured for years the itching torments of eczema or other such skin eruptions, the relief that the first use of Resinol Ointment and Resinol Soap usually gives is incredible. After all the suffering they have endured and all the useless treatments they have spent good money for, they cannot believe anything so simple, mild and inexpensive can stop the itching and burning INSTANTLY! And they find it still more wonderful that the improvement is permanent and that Resinol really drives away the eruption completely in a very short time. Perhaps there is a pleasant surprise like this in store for you. Resinol Ointment and Resinol Soap are sold by all druggists.

A Good Soap For Baby Skin

A good baby soap should contain soothing, healing properties to prevent the rashes and chafings to which babies are liable. That is why so many physicians recommend Resinol Soap.

THE ORIGINAL ORDER.

(Associated Press Telegram.) Washington, April 8.—The original order given Major General Funston on March 10, for the American punitive expedition into Mexico, made public for the first time at the war department today did not include a direction for the death or capture of Villa but principally directed dispersal of Villa's outlaw band that attacked Columbus, N. M., on March 9. General Funston's orders read:

"You will promptly organize an adequate force of military troops under the command of Brigadier General John J. Pershing and will direct him to proceed promptly across the border in pursuit of the Mexican band which attacked the town of Columbus, New Mexico, and the troops there on the morning of March 9. These troops will be withdrawn to American territory as soon as the de facto government of Mexico is able to relieve them of this work. In any event the work of these troops will be regarded as finished as soon as Villa's band or bands are known to be broken up."

Brigadier General Scott, chief of staff, declared today that General Funston had not reported that this task had been accomplished. The Mexican embassy today announced that no advice had been received from General Carranza that the de facto government forces were prepared or desired to relieve American troops and assume the task itself.

WITHDRAWAL OF TROOPS HAS NOT BEEN REQUESTED.

(Associated Press Telegram.) Washington, April 8.—Official denial of reports that the de facto government of Mexico had asked for withdrawal of the American troops was expected here today. It was said at first all such rumors, Secretary Lansing emphatically declared that no such request had been made, formally or otherwise.

OBJECT ACCOMPLISHED.

(Associated Press Telegram.) El Paso, April 8.—The American troops have accomplished their object in destroying Villa's military power and should therefore withdraw from Mexico without delay, was the view expressed today by a well known member of the Carranza government speaking unofficially.

Milk War In Chicago Ends; Producers Win

(Associated Press Telegram.) Chicago, April 8.—The milk war between the producers in the Chicago district and the distributors in Chicago, which for the last few days has curtailed deliveries to consumers, is practically at an end today. But one of the distributors, the Borden Condensed Milk company, has not signed an agreement with the producers to buy milk at the new price of \$1.55 per hundred pounds, an increase of 22 cents a hundred over the old price. Local officials of the company tentatively agreed to settle at the price demanded by the farmers, but announced their action would have to be ratified by the directors of the company at New York before contracts are signed.

All of the distributors, with the exception of one have announced that there will be no increase in the price of eight cents a quart which consumers now pay. Dealers say it is probably the full daily supply of between 1,500,000 and 1,750,000 quarts will be received today.

Assistant United States District Attorney Michael L. Igoe has announced he will start an investigation to determine whether either the milk producers association or the distributors have violated the Sherman anti-trust law, as applied to interstate commerce by attempting to fix prices.

BELGIAN FLAGS IN EVIDENCE OVER THE CITY

The Boy Scouts of Newark today were selling flags for the Daughters of the American Revolution, which were put on sale throughout the United States, in an effort to raise \$1,000,000. The money is to be turned over to the benefit of destitute women and children in Belgium and Northern France.

The day has been named "Belgium Flag Day," and the reports received from the scouts at noon today indicated that Newarkites were contributing readily to the movement. 1,000,000 little Belgium flags have been put on sale in the United States today, and Newark's assignment ran well into the thousands.

KING ALBERT'S BIRTHDAY.

(Associated Press Telegram.) New York, April 8.—One hundred thousand members of the Daughters of the American Revolution put on sale throughout the United States today 10,000,000 little Belgium flags in an effort to raise \$1,000,000 for the benefit of the destitute women and children in Belgium and northern France. The day was selected because it is the 41st birthday anniversary of King Albert of Belgium. Queen Elizabeth of Belgium has endorsed the movement in a message to Mrs. William Cummings Story, president-general of the Daughters of the American Revolution. The governors of 35 states and mayors of about 2,000 cities gave their approval by designating today as Belgium Flag Day.

TEARS BANDAGES FROM HIS NECK BLEEDS TO DEATH

John Filimon, a Roumanian aged 45 years died at his home last night about nine o'clock, death being due to a hemorrhage caused by pulling bandages from a wound in his neck and pulling out the stitches taken to close it, the man having undergone an operation a short time before for enlarged glands. He was delicious at the time and a physician who was summoned did not arrive in time and the man bled to death.

Filimon was married and has a family in Roumania. He came to Newark about three years ago and has been employed in several industries in the city. He was highly thought of by members of the foreign colony, was sober, industrious and thrifty. Relatives at Canton, O., have been notified and if a priest can be secured either from that city or Youngstown the funeral will take place Monday.

Bowser Loses First Fall But Gets Next Two With Toe Hold; Both Make Weights

Four years ago in Boston, Mass., a crowd of wrestling fans witnessed the spectacular feat of a strong man picking up his smaller opponent, a novice in the game, and pounding him into insensibility on the mat. The smaller man was unable to continue the bout at the expiration of 10 minutes and the heavier grappler walked off the mat, a winner.

Last night at the Auditorium, 1500 Newark fans, saw these same two men meet in a championship bout. John Kilonis, international light heavyweight champion, was not so heavy. The smaller man, Paul Bowser, was no longer a novice, but the world's middleweight champion.

They met at 165 pounds ringside weight for the world's middleweight championship and the belt held by Bowser. Both men saved their \$50 forfeit money by failing to tip the beam at the stipulated weight, and the crowd settled back into their seats to watch the battle.

Kilonis had met Paul Bowser once since their memorable bout four years ago. That was last Friday night, when the international champ, failed to throw Bowser in a handicap bout in 1 hour and 15 minutes wrestling.

Referee Webber called time at 9:03 and the two grapplers went to the center of the ring. Kilonis, to repeat his stunt of four years ago and Bowser to seek revenge for his defeat. Bowser won, but only after the hardest struggle he has engaged in while in Newark. He was handicapped by losing the first fall at the end of 17-12 minutes wrestling, when Kilonis repeated the pouncing specialty with an arm and shaft hold. The fans were amazed when the referee slapped Kilonis on the back. Their champion's title was in danger. Mrs. Bowser's friend was in danger. Mrs. Bowser lay after he was thrown. Kilonis had repeated his Boston trick, but not so severely as Paul was able to go to his dressing room in a few minutes.

The men rested 10 minutes and then resumed hostilities. The first 17-12 minutes had shown some wonderful work on the part of both wrestlers, but this was comparatively nothing to the next 48-13 minutes. Kilonis started after Bowser at the end of the song and to hurry up the bout and have the affair over. But Bowser was thinking of that championship and his belt. He fought the Greek demon to a standstill and after 30 minutes work, the fans began to have hopes for the local pride.

The men wrestled all over the stage, after a hard mix-up. The Greek resorted to his usual rough tactics, but Bowser met him at his own game and out-roughed him. A few minutes after the time, he called 20 minutes. Kilonis secured a toe hold on Bowser and it looked for a few minutes, that he would win the second fall and the match. The only thing which prevented this was the indomitable spirit of the local man, who suffered considerable pain, before he broke the hold.

After a number of flying falls and mix ups, Bowser stepped over with his famous toe hold and the Greek demon was caught. Kilonis fought and struggled, bit and struck with his fists, but Bowser held the hold. Then Kilonis weakened and Referee Webber slapped the local man on the shoulders. The time was 46-12 minutes. For fully five minutes the crowd applauded and screamed with delight.

The last fall went 38 minutes, before Bowser repeated his step over stunt with the toe hold and Kilonis after a hard struggle let his shoulder sink to the mat. Before the fall was won, however, both men resorted to all the tricks of the game and more rough stuff was introduced.

When Bowser secured the second toe hold he slipped up close to Kilonis and pinned his body against the Greek's foot. Then he looked up at Webber and said: "Alright, Herb, I've got him again." Letting go of Kilonis' foot Bowser placed his body against the foot and with his hands freed, shoved the Greek's shoulders

down. Then the crowd demanded speeches. Kilonis said that he had to take his hat off to Mr. Bowser at 165 pounds and did not believe that he could be beat at this weight, but he said, he would like to meet Paul at catch weights. The last part of his talk won for him a loud protest from the fans. They don't want Bowser to meet the Greek at catch weights.

Bowser stated after the bout that last night was the last of the series of five matches for which he had a lease on the Auditorium. But said that he had arranged with the management to hold one more show in the theatre before he quit for the season. He said three weeks from last night he would meet the best man he could secure in a finish bout. This match will absolutely be the last this season. The bout is scheduled for April 28.

Curtain raiser met Joe Rider in the curtain raiser of the show, which went 10 rounds. Rider secured the first fall in 5-12 minutes and Tiescher came back and made the bout a draw by throwing Rider in 3 minutes. Kenneth Tiescher and Merrill Grimm, met in the second preliminary and after 10 minutes without a fall, the go was declared a draw.

"Eppie" Freiner, weighing 140 pounds, was so sure that he could throw his brother Roland, weighing 132 pounds, three times in 10 minutes, that he agreed to lose the match if he failed. He lost. Brother Roland kept "Eppie" busy and aside from two flying falls, the latter had no great margin on the younger member of the family.

LOYAL ORDER OF MOOSE.
Licking Lodge No. 499 met in regular session Wednesday night with a grand attendance. Routine business was taken up. Those Brothers were reported sick. Those on the sick list reported improving. We were pained to learn of the death of our late Brother, Harry Burgess. Our sympathy is extended to the bereaved family. Lodge was dismissed at 8 o'clock. Three hundred members were ushered to the banquet hall which was beautifully decorated with American flags. Promptly at 8:15 the curtain was raised and the big gala night was on. The singers and end men out-did themselves in the first part. Next came Bro. Geo. H. Hamilton who delivered the most beautiful and impressive address ever delivered to the order. Promptly at ten o'clock, Fitzsimons Bros., with the assistance of our degree team in two white uniforms, served a banquet fit for a king. Each table was beautifully decorated with cut flowers. Dr. H. H. Baker acted as toast-master and a number of short address were made during the banquet. At a late hour all adjourned, complimenting all who so willingly assisted and made our 5th anniversary the greatest celebration ever held in Old Licking Lodge.

DAUGHTERS OF AMERICA.
Banner Council No. 101 will meet in regular session Wednesday evening, April 12. The captain requests every member of the Degree Team to be present for practice. We will have a number of applications and the banner committee will give a report. Mrs. C. C. Markin drew the centerpiece at the bazaar.

K. O. F.
Newark Lodge No. 13.
At the regular meeting on Thursday evening there was a large crowd out to witness the work of the Knight Rank.

The regular routine of business consumed some time as a great deal of important business was transacted. The sick members are reported as getting along very nicely and some were declared out of care.

One application was received and referred to the proper committee for investigation. The applications were voted upon and elected to membership. Six Esquires being in waiting were called and duly initiated in the Rank of Knight which was put on in the very best of manner, each member of team trying to outdo the other and the work in all was superb.

Next Tuesday evening the Page Rank will be conferred on a class of candidates, and the Master of Work promises something altogether new at this time in this rank, and asks all members and visiting brothers to come out and witness the work. And the refreshment Committee gives out the information that there will be a banquet in the large banquet hall on this occasion so Brothers come out and help dispose of it.

Three Esquires were given the Four ranked at the meeting of Roland Lodge on Tuesday evening. The work was done in good form and was witnessed by a number of the brethren, including several visitors. Four new applications were received and referred to committees. The two teams in the membership contest are hard at work and results are bound to come. Rules and regulations of this contest may be had on application to Bro. C. E. Root or Bro. C. L. Vannatta, captains of their respective sides. A fine spirit is manifested in this campaign and a great deal of good natured rivalry is apparent. Each and every member of Old Roland, No. 389, is urged to lend a hand. Next Tuesday evening would be a good time to come out and learn more about this contest as the new Page Rank will be conferred. The writer wishes to say for the benefit of those who have not seen this new work that you will be surprised and delighted if you once see it and will come again. The master of work and team have spent a great deal of time to make this feature a success and we all should appreciate it by giving them a good audience.

Cure Guaranteed

Hall's Painless Corn Cure a Marvel.

At last, a corn cure that gets rid of corns! A remedy that is guaranteed to work in every case. It brings the corn right out, you don't have to dig it out. The only corn and bunion cure of its kind in the world is Hall's Painless Corn Cure. The first application stops the pain. Hall's Painless Corn Cure is not a mere corn plaster or a salve that makes your corns swell or that "draws" and puts wrinkles in your feet from the awful pain. Hall's Painless Corn Cure is made and sold in this city by Frank D. Hall. It will cost you 25 cents, and will last longer than several purchases of another corn treatment. If you are not satisfied you can get your money right back on request.

A man who weighs 150 pounds on this earth would weigh only 60 on Mars and only 25 on the moon. He could jump six times as high on the moon as he could here and throw a stone six times as far. That is because the moon is a much lighter body than the earth so that the force of gravity there is less.

Dr. A. H. Burr of Chicago, in a paper read before the medical society of the Windy City recently declared that women live longer than men and that the reason is that men, as a rule, are tobacco users whereas women are not. The doctor appeals to the census reports with apparent success, but why blame it all on tobacco? Perhaps other habits should share the responsibility.

Ralph W. Tyler, the negro candidate for delegate at large to the Republican convention, has been children by the press bureau operated in Governor Willis' office. He has been told to remember that the governor's father was an old soldier and his mother was burdened with the care of a family during the civil war. Tyler's reply is that his father, also, was a soldier and his mother was also burdened with the care of a family during the period of strife. His response to the slap that he became a candidate without permission is the recalling of the published fact that Governor Willis demanded of Senator Burton and Harry M. Daugherty that he be placed upon the delegation at large as a price of his endorsement of the Cleveland candidate. In other words he nominated himself, says Tyler.

One of the charges against the Democratic governorship candidate in 1914 was that he had rented extravagant quarters for the state printer's department. This was circulated by the True, or Glue, Democracy league, of which E. A. Crawford was the chairman. Mr. Crawford was at one time public printer. The row between him and the present incumbent of the office, J. E. Cross, brings to light the fact that the quarters were leased by Mr. Crawford before James M. Cox was even a candidate for nomination. In

Issues of the Election.
(Youth's Companion.)
Who will be the next President of the United States? What is going to be the "paramount issue" in the next campaign? No one can answer either question with confidence. At present it seems probable that the point upon which parties will divide will have no reference to any one of the great issues of the past—state rights, the tariff, free silver, "imperialism"—but will spring out of the great war, and will concern our relation to one of the belligerent groups, or to both of them.
To be sure, the choice of delegates to the national conventions is proceeding without any suggestion in either of the two great parties that the selection turns upon matters that have to do with the war. No candidate for a seat in either convention announces himself as pro-German or pro-Allies, or as favoring or opposing "preparedness," or as for or against warning Americans not to travel on armed merchantmen.
Nevertheless, all these questions are in the air; every candidate for either convention probably has his own opinion on them; and when the conventions meet there will be delegates who will demand that the party take ground upon them in the platform. Should that occur, the usual custom will prevail. The party leaders will seek language to please one side without too seriously offending the other side. Yet one of the platforms will be more decidedly in favor of upholding American rights at all hazards than the other; and one candidate for President will be more stiffly insistent upon those rights than the other. It must be so, and yet no one can say now which party will take the stronger position; and since, on the Republican side at least, the choice of candidate is wholly undetermined, no one can guess with confidence which of them will be the more inclined to magnify the demands of national honor and which the more determined to have peace at all hazards.
In the event of such a difference between the two parties, we shall not see either party crumbling and decaying, for both views are widely held by patriotic citizens. But we shall see an extraordinary shifting of party relations. Pro-Allies will not vote for a candidate who would yield on the subject of the rights of Americans on the high seas. Pro-Germans will not support a candidate who has openly denounced the conduct of a Germany toward Belgium. Men who think it our duty to engage in the war, and those who regard an increase of the army and navy as the first step toward militarism, are sure to be on opposite sides in the election. Patriotic as every one of them may be, they look at the great questions of the day from different angles.
The paramount issue has not yet appeared. Apparently the parties are laying plans today as if the contest were to be fought on questions that date back ten, fifty or a hundred years. But it will be what is happening across the water, for the war in Europe is raising some of the most critical problems that Americans have been called upon to solve.

That the finest variety of turquois comes from Persia? The most valued tint of the turquois is a delicate blue inclining slightly to green; in many specimens the green becomes more pronounced with age. Large pieces are exceedingly rare. It takes a fair polish and exhibits a feeble lustre. It is usually cut "en cabochon" and in the East is frequently engraved with Persian and Arabic inscriptions. Such objects are worn as amulets. The turquois has always been associated with curious superstitions, the most common being the notion that it changes color with variations in the state of its owner's health or even in sympathy with his affections.

Great Britain's War Budget
Great Britain's budget for the coming year—the greatest in the world's history—is a marvellous demonstration of national wealth. With a national debt that has risen from \$3,255,000,000 before the war to \$10,700,000,000 on March 31, the Chancellor of the Exchequer forsook expenditures of \$9,125,000,000 during the next twelve months. Out of current taxes are to be paid not only the ordinary expenses of Government but interest and sinking fund of the immense debt. Even part of the cost of the war, now nearly \$25,000,000 a day, is to be met by the taxpayers under the rigorous system of imposts on consumption and incomes. The British policy, unlike that followed in Berlin, does not seek to relieve taxpayers by saddling upon the next generation all the financial burdens of the war. To add \$325,000,000 to the revenue it is necessary to levy on the people's food, their amusements, their railroad tickets, their pleasures and business. Income taxes are increased up to 25 per cent. of the in-

BOWLING GREEN SCHOOL EXHIBIT MUCH ENJOYED
The second annual exhibit of Bowling Green township was held at the Brownsville High school building, recently. The three district schools with the Brownsville school displayed what they had been doing in the previous months of the year. The schools that brought in an exhibit were the Sugar Grove taught by Miss Ada Bodle, the Orr school taught by Mr. Orville Kreager and the Linnville school taught by Miss Nella. The exhibit work was arranged very tactfully in the six rooms of the Brownsville High school building.
One of the first happenings of the afternoon was the recitations. Each teacher of the Brownsville school heard one class; also Miss Ada Bodle heard her first grade pupils; the majority of the pupils responded to the questions asked them by their teacher all making good recitations. The Sugar Grove school had a very nice exhibit showing nearly everything that was to be shown even to cakes and pies baked by the boys.
One cake was iced in white and the letters made in pink on the top spelling the name of their school—"Sugar Grove."
They also had several splendid manuscripts, drawings of animals, scenery and other things were displayed.
The Linnville school displayed several drawings, papers and fancy work. One uncommon thing was a hand bag made of musk melon seeds and beads.
Heading the Orr school display was their motto and the name of their school. A great deal of fancy needle work, manuscripts, seed and bark display, cakes, pies, and candy were exhibited by the boys.
The primary teacher Miss Effie Hedges had her room filled with articles her pupils had made. One of the most attractive things was an Indian reservation imitating Hiawatha, it was made in a sand box having a tent with an Indian standing in front of it fixing the fire, a lake was a little ways from this and back of this were green trees.
She had several examples of the writing and drawings made by the children.
In Miss Hazel Guttridge's and Mr. Herman Loughman's rooms was quite a display of papers, some sewing by the girls, and practical carpentry by the boys.
The High school was represented by a large number of manuscripts, maps, etc. A display of sewing was exhibited by the girls in the sewing class.
One of the most interesting recitations was made by the German class under the instruction of Miss Lillian Paige, closing the class with several German songs.
The boys showed a great deal of the work they had been doing in Manual Training. One of the attractive things was a school house designed after our own and lighted with electric lights.
A wind pump, a "never sag" gate, an old fashioned rustic seat, and other things were exhibited. Last but not least was the exhibit of the cooking of the cooking class, which is composed of eight girls who were dressed in the regular cooking uniform and served a dainty lunch to the guests that day, under the direction of their instructor, Miss Margaret Cooperider.
The exhibit was closed by a community meeting in the evening.
This event was pronounced a decided success by the large crowd who attended and we extend a cordial invitation to all that they will return next year and let us prove to them that we are growing and advancing each year.

Ohio Fuel Trys for Oil Well In Homer Field
Homer, O., April 8.—The Ohio Fuel Supply company has begun prospecting for oil in the deep sand, the first well being now under way. It is located on the Homer farm south of Homer, and will be drilled into the Trenton sand, which in this section lies about 1,100 feet below the Clinton sand in which gas is found in this field. The company has a special rig for deep drilling shipped in for this work.
The only well ever drilled to the Trenton rock in this field is near Milford, sunk by the Hoy brothers. It was a duster. There was also a duster drilled near Butler, and one south of Granville.
In the Findlay field the gas is found in the Trenton, which is nearer the surface than here.

Colonel Roosevelt is giving signs that if the country doesn't discover something of the heroic in its mood and insists that he shall run for President something heroic will have to be done at Chicago to keep him from nominating himself.—Washington Herald.

On Wednesday he gave out the platform on which he would accept the Republican nomination for President. That may be said to be going some. But then the Colonel never lets such trifles bother him.—Philadelphia Record.
Necessary Article in Escaping.
If you were a prisoner trying to escape from a German internment camp, or, for the matter of that, a German trying to escape from an English camp, what article would you regard as the most important part of your equipment? Some people might say a compass, or food, or money. Mr. George Pyke, who, having escaped from Ruhlben and reached Holland after many adventures, may be regarded as an authority on the matter, declares that a clothes-brush is the one thing indispensable. You may guide your footsteps by the stars; you may, as he and his companion often did, live on turnips pulled from the field; but after a night's tramp across country, unless you can make yourself fairly presentable, you are bound to excite dangerous and even fatal suspicion.—London Chronicle.

CASH GROCERY TO OPEN SOON IN THIS CITY
Geo. J. Hagmeier Returns to Newark With Brother Dr. O. C. Hagmeier—Takes Room in K. of P. Building.
"If you have been buying groceries on credit, you have been paying for the groceries of the man who left town without paying his bill. If you have been paying cash for the credit grocery you have been helping to carry the slow paying credit customers. In a cash grocery, the grocer is able to give the customer the benefit of low prices because there are no losses. His sales are larger because of low prices. He buys in larger quantities, therefore getting the bottom price."
Such is the creed of the proprietors of the Pittsburgh Cut Rate Grocery which will open about April 22, in the west room of the K. of P. Castle building, next door to A. P. Hess' Ford Garage on East Main street. The proprietors are not strangers in Newark, one of them, George J. Hagmeier having conducted a similar store here six years ago in the room now occupied by the Mazda theatre. With him is associated O. C. Hagmeier, M. D., formerly a practicing physician, but now retired.
The room is now being fitted with new and up-to-date fixtures. Everything in the store will be clean and fresh. The stock which has been purchased and which will soon begin to arrive will be most complete and will consist of staple and fancy groceries, all of standard brands, but purchased in such quantities that it is possible to sell at much lower prices than the dealer buying in smaller quantities and selling for credit.
Purchases are made direct from manufacturers and producers and in many instances in car lots.
The store room, being located a block from the court house, is out of the high rent district which is another factor in favor of the customer. A saving of at least 25 per cent on grocery purchases is guaranteed by the proprietors.
George J. Hagmeier has experienced in the grocery business having conducted cash groceries in a number of Ohio cities. This is the third time he has embarked in the business in Newark.
During the years that he has been absent from Newark, Mr. Hagmeier has gained a wide knowledge through experience in his particular line, and in returning here in conjunction with his brother, Dr. O. C. Hagmeier the junior member of the firm, is in a position to offer to the people of Newark the finest line of new staple groceries at the lowest possible price.
Dr. O. C. Hagmeier has already moved his family to Newark having occupied a house at Eli Hill Place, Linden avenue, and his brother expects to move to the city as soon as the details of opening the store are settled. Both gentlemen expect to make Newark their future home.
The store will have both telephones and an up-to-date delivery system will be established. The aim of the new store will be to extend to its customers service of merit, groceries of quality at lower prices than have been paid in the past.

Demurers in Petition.
In the case of the State of Ohio on relation of Martin L. Shively, relator, vs. Cecil Bigbee, as safety director of the city of Newark, O., respondent, in which the relator filed a petition in common pleas court asking that the safety director be mandamus to restore Shively to his position as a patrolman. Ralph Norpel as attorney for the respondent has filed a demurrer and brief giving two reasons for same, first, that the court has no jurisdiction of the subject of the action and second because it is not alleged nor does it appear in said petition that the relator has not an adequate remedy at law.

Adopted Child.
Paul Thayer and Dora R. Thayer, secured letters of adoption in the probate court today for Sherwood Jacobs, a four year old boy whose mother is dead. The parties reside at Utica, O. The consent to adopt was given by Luther Delaney, the child's next friend appointed by the court.

INVENTOR DEAD.
Pittsburgh, April 8.—Louis B. Fulton, 75, president of the Chaplin-Fulton Manufacturing company, and widely known as an inventor, is dead at his home here.

What Ohio Club Women Are Doing

Mrs. Prentice E. Rood, Director of Press.

Mrs. Jacob Brenner, Vice-president of the Ohio Federation of Women's Clubs, was born in Warren, Ohio, where she was educated in the public schools. After her graduation she taught until her marriage when she went to Youngstown where she has since resided. Mrs. Brenner has been an active member of the C. I. Woman's Club, and is a member of the executive board of that club at the present time. For three years she was the secretary and treasurer of the Youngstown Federation of Women's Clubs and is now the president of that organization. At the time the Ohio Federation of Women's Clubs met in Youngstown in October, 1914, she was Vice-chairman and treasurer of the local committee and shared the responsibility of that convention.

Mrs. Brenner is a very public-spirited woman with splendid executive and business ability.

The New York Biennial.
Widespread interest is being taken in the coming Biennial to be held in New York, May 23rd to June 2nd. The Local Biennial Board will give a complimentary Dramatic Evening to delegates and alternates on Tuesday evening, May 23, at Hotel Astor, at 8:30 o'clock.

The entire program will be published in this column at an early date.

Biennial Notes.
The Local Biennial Board will tender a reception to the delegates, alternates and visiting club women to meet the General Federation of officers and directors, at the Metropolitan Museum of Art, Thursday evening, May 25th.

All club women are requested to display upon arrival a knot of light blue ribbon, as a means of identification by the Local Trains Committee, members of which will wear a badge of yellow lettered in white. All delegates, alternates and visiting club women are urged to register promptly at the registration bureau.

Telegrams and letters may be sent to the 7th Regiment Armory, New York City during the convention.

The Hotel Astor and the 7th Regiment Armory will be the official headquarters.

Delegates, alternates, and visiting club women are respectfully asked to send at an early date their specified applications for hotel reservations, to the chairman of the Hotels Committee, Hotel Astor.

Special Notice.
The New York local Biennial Board extends a most cordial invitation to club women, who are not

delegates or alternates, to attend the convention.

Guest tickets will be provided for sessions in the Armory. Special arrangements are being made for entertainment of visitors by the Excursion committee.

The Progress club of Ripley is soon to realize its fondest dreams in the Carnegie Library to be opened in the near future.

The Cincinnati Woman's club and the Woman's Educational club of Toledo are about the same in numbers, and the conduct of each is nearly the same, being carried on through the several departments.

The Evanston Mothers' association of Cincinnati has shown wisdom in keeping in close touch with the school life of the community. It has bought pictures for the school halls, stereoscopic slides for study work, educational records for the school Victrola and benches for the school playgrounds.

Attention, Ohio Clubs.
Many clubs are aiding girls in High School and College work. The State Federation wants to make a report of this in connection with its Scholarship Fund.

Please send such information to Mrs. T. T. Rosendale, chairman, Fostoria, O., during month of April, so that complete report may be ready for the Biennial.

Appeals for the Scholarship Fund will cease just as soon as every club woman has paid her assessment. Several hundred has not yet responded.

A Real Compliment.
One friendly editor in expressing his approval of this column says: "We have a live bunch of women here who just now are putting up street signs and generally boosting the town."

The Woman's Club of Oxford celebrated Baby Week on its Civic day March 4th. Several plays were read and civic work planned. The club obtained the Davenport slides from the Rotary Club of Davenport which recently held a City Beautiful contest, and had a Civic Evening at Miami University, showing these slides with some interesting local ones.

"Clean up by May Day" is the slogan of the Civic Committee of the State Federation. Every club is urged to help in a clean-up and paint-up campaign with the definite results of cleaner streets, beautiful gardens, better sanitary conditions, attractive homes and parks and playgrounds.

If you have not appointed your committee, do so at once as this is the logical time for this work of "civic regeneration."

Obituary

Joshua D. Owen.
Joshua D. Owen, former Newark resident, who died suddenly at Cleveland last Wednesday, was buried in Cedar Hill cemetery this morning, the remains having been accompanied to Newark by Mr. Owen's sister, Miss Anna of Cleveland and his brother, Samuel of Newark, N. J.

Mr. Owen left the city about eighteen years ago. For some time he has been an officer of the Cleveland Hardware company. While in one of the city clubs Wednesday apparently in the best of health, his heart failed and death came quickly. Mr. Owen was 49 and unmarried.

Samuel McCalpin.
Samuel A. McCalpin, 60, laborer, died early this morning at his home, 173 South Pine street, following an illness of several weeks. Funeral services will be held from the home Monday afternoon at 1:30 o'clock. Interment will be made in Cedar Hill cemetery.

The deceased was born in Virginia and came to Newark a number of years ago. He leaves to mourn his death, his wife and seven children, Mrs. Mary Harold, residing in Florida; William McCalpin, of Brooklyn, N. Y.; Mrs. Nola Hickman, of West Virginia; Mrs. Rossie West, of Newark, and George, Howard and Mary, all living at home.

Vada E. Glover.
Vada E. Glover, only child of Wm. and Emma Glover of near Wilkins Corners, was called from this world of care on Sunday, March 26, 1916, after battling bravely for two weeks against the combined attack of diphtheria and scarlet fever. The father and mother and two half-brothers, Jesse Chaney of Vanatta and Elijah of Detroit, and one half-sister, Mrs. Flora Klier of Newark, with a legion of friends, mourn the loss of their loved one.

Short funeral services were conducted at the grave in the Barnes cemetery by Rev. A. B. Cox and the body was laid to rest, amidst the sorrowing of the entire community in which she had spent practically all her life.

Vada was a bright, lovable girl, and her ever cheerful smile and willingness to lend a helping hand to all endeared her to the hearts of many. She was a graduate of the St. Louisville and Perryton High schools and was working for a degree at Ohio University, Athens, O. Loving tributes of respect have been given by the pupils of Kirk school, at which place she was employed as teacher at the time of her demise.

At the tender age of eighteen, just as she was entering the threshold of life, so full of bright promises, it seems hard perhaps that Vada should be taken from our midst, but when we awake to the sweet realization that her earthly toils are over, that she is past all agony of pain, and that her work, the brief, was nobly done, we can but say, "It is well."

Vada professed her faith in God through the teachings of the United Brethren church and on her deathbed, though unconscious, repeatedly sang "Jesus, Lover of My Soul" and "Rock of Ages, Cleft for Me." And though the earth keeps the lonely casket, the gloom of the cold and silent tomb is shattered by the sure faith that heaven has power to retain our treasure. Also while there is a vacant chair in her home, and a vacant place in the ranks of her profession as well as an aching void in the hearts of her fellow teachers, we will not question the wisdom of God and consolation in the thought:

I suppose you'd almost call it a habit, buying my clothes at "SCHIFF'S" said a well known lady of Newark, "but I have very good reasons. I feel that my tastes are really studied, that I can place full confidence in the judgment and choice of 'SCHIFF'S' and I never yet found another store that I felt the same way about." —Which may be one of the reasons why "SCHIFF'S" is a habit with most of our patrons.

She suffered, but her pangs are o'er,
From earthly care she's free;
And may her short, sweet life on earth
But draw us closer to Thee.

President's Trip Ended By Storm

Washington, April 8.—President Wilson who left last night on the naval yacht Mayflower for a week-end cruise will return to Washington at once, arriving about 4:30 p. m. today. Snow and sleet were given officially as the cause for his return. Secretary Lansing said no new information had been received from the German government concerning the submarine question but it was expected at any time. The secretary plans to see the president tonight.

Boats Await Opening of the Panama Canal

(ASSOCIATED PRESS TELEGRAM)
Washington, April 8.—In anticipation of the re-opening of the Panama canal on April 15, a number of vessels have gathered at the terminus, preferring to wait even a fortnight rather than make the long tour around South America by the straits of Magellan. The members of the operating force who have been on furlough in the United States have all been recalled to the isthmus.

Conference of Allies Set for April 20th

(ASSOCIATED PRESS TELEGRAM)
Paris, April 8, 10:55 a. m.—The conference of the entente allies for discussion of economic and commercial questions will assemble in Paris on April 20. It will be attended by many distinguished delegates including a number of cabinet ministers from the various countries. The sessions will extend over four days. President Poincare will preside at the opening. The principal topic of discussion will be mutual exchange of commodities under a tariff system favorable to the allied nations.

Senators Speak at New Philadelphia

New Philadelphia, April 8.—United States Senators Alton Pomerene of Ohio and Henry F. Hollis of New Hampshire spoke at the first annual banquet of the Tuscarawas County Jefferson Club last evening. Senator Pomerene responded to the toast, "Preparedness in America." He spoke in vigorous terms for an adequate army and navy and praised President Wilson. Senator Hollis responded to the toast, "Breaking Up a party."

LAND VALUES HIGHER

(ASSOCIATED PRESS TELEGRAM)
Washington, April 8.—Farm land values are increasing almost by leaps and bounds. Figures made public today by the department of agriculture show that values for the United States, taken as a whole, increased 25.7 per cent in the last four years and 11.5 last year. The figures are based upon reports from the department's field agents.

ON NAVY BOARD.

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, April 8.—It became known here today that Dr. Raymond F. Bacon, director of Industrial research of the University of Pittsburgh, has been appointed by Secretary of the Navy Josephus Daniels an associate member of the naval consulting board and a member on the board of the organization for industrial preparedness in Pennsylvania.

Mrs. Lottie Lynn of near Purity was called to the home of her sister, Mrs. Clarence Jackson of Lawrence street who has been ill for the past three weeks with the grip. She is better at this writing.

Mrs. John Kayavir was removed yesterday in the Bradley ambulance from her home, 300 Wilson street to the Newark Sanitarium. She is suffering from an attack of pneumonia.

Our Boys and Girls

An ingenious mother has found a novel method of improving her children's table manners. The children themselves take a vote after each meal to decide which one's behavior comes to the nearest to perfection. Loud voices, noisy silver, unruly elbows—all come into consideration when the verdict is given.

At the end of the month the child who has had the greatest number of votes is given a treat lunch downtown with mother or a meal of his own choosing, something tempting enough to spur the careless youngster to self improvement in the matter of knife and fork etiquette.

Everyday Etiquette

"When I receive the announcement of the birth of a child am I expected to send a gift to the child, or what is the correct thing to do?" asked Miss Business Woman.

"No, it is not necessary to send a gift unless you wish, but you should call and inquire about the mother's and child's health," said her mother.

RIOTS IN CHINA

(ASSOCIATED PRESS TELEGRAM)
Amoy, China, April 8.—Withdrawal of troops from Chiohe, in Fokien province, was followed by local disturbances. Mobs attacked and looted the tax and salt offices.

Good intentions are all right in their way, but many an alarm clock refuses to go off.

Personal

Byron White of Millersport, was in the city on Friday the guest of Mac Mossman.

Miss Josephine Hull of West Main street returned from Columbus today where she spent the past few days with friends.

Mr. J. P. David of Akron is visiting his sister, Mrs. N. Swern at her home in Oakwood avenue.

Everett Swern of Akron is visiting his mother, Mrs. Henry Swern in North Cedar street.

Miss Katherine Sullivan of German street left last night for Chicago, Ill., and Gary, Ind., for a week's visit.

E. S. Cunningham, sales manager for the Lincoln Paving Block Company of Canton, was in the city today on business in connection with supplying the city with paving blocks for the various proposed new street improvements.

Milady's Boudoir

There are two methods of giving the hands enough sleep. One is to cause them to live in the lap and rest. It may be difficult at first to control them to do this but it can be done.

Another way is to put them to sleep in a pair of leather gloves at least two sizes too large, like a pair of men's gloves. Before putting the gloves on, the hands should be coated with some good skin food. This sleep should be given the hands not only when you are sleeping, but at any time of the day when it is convenient to do so, put the gloves on and rest the hands.

This does not mean idleness for the hands, for to be healthy one must have exercise. There is a difference in moving in work or exercise from that of fighting. Hands may be exercised and improved by performing household work, so long as too great a strain is not given them and precautionary measures are adopted.

For instance there is dishwashing. The prevailing idea is that to wash dishes is to destroy the beauty of the hands. This is not necessarily so and if the hands are treated properly there will be no ill effect, and, in fact, they will be beautified by such work.

Before beginning to wash dishes, the hands and nails should be thoroughly coated with cold cream, rubbing it well into the pores. They can then be put in the soapy water without fear of injury. As soon as the task is finished, the hands should be carefully washed with a mild toilet soap and warm water, carefully dried, and another coat of cream applied and rubbed well into the skin. Remove any cream which remains on the surface by wiping with a soft cloth, using considerable friction.

The Western State Bank of St. Paul, Minn., has received a letter purporting to be from the man who robbed it in December and telling some "amusing portions" of his experiences while committing the robbery, all of which must appeal to the Western State Bank as very humorous, indeed.

Cream colored horses were always bred to draw the royal Hanoverian carriage until Napoleon captured Hanover and appropriated all the animals of this color, a proceeding which made George III of England so wrathful that he would drive behind none but black steeds until the Little Corporal was safely put away on that island.

Spring Colds Are The Worst

They lead to catarrh and pneumonia. They weaken the entire system and leave it unable to resist the sudden changes. They interfere with your digestion and lessen your activity. Neglected they soon become that dread disease known as systemic catarrh. Don't neglect them. It's costly as well as dangerous.

PERUNA Will Safeguard You

Have a box of Peruna Tablets with you for the sudden cold or exposure. Tone your system up with a regular course of the Liquid Peruna, fortify it against colds, get your digestion up to normal, take care of yourself, and avoid danger. If you are suffering now begin the treatment at once. Give Nature the help she needs to throw off the catarrhal inflammation, and again become well.

Peruna has been helping people for 44 years. Thousands of homes rely on it for coughs, cold and indigestion. It's a good tonic for the weak, as well.

OCEAN FREIGHT RATES INCRESSE 900 PER CENT

Washington, D. C., April 8.—Ocean freight rates on some commodities, particularly wheat, are nine hundred per cent higher than at the beginning of the war. A letter written today by Dr. E. E. Pratt, chief of the foreign and domestic commerce bureau to Chairman Alexander of the house merchant marine committee considering the administration shipping bill, calls attention to the jump in rates and reviews the shipping situation.

Grain has led all commodities in the rapid rise in rates. From 4.1 cents a bushel in January, 1914, the rise has become 40.6 cents today from New York to Liverpool. Rates on flour have increased almost 500 per cent within two years and on provisions about 400 per cent.

Divorce Petition

Lulu Dersmer has filed a petition in probate court against Elmer Dersmer. She charges gross neglect and cruelty, alleging in the petition that he has frequently beat her and called her vile and indecent names and has frequently threatened to kill her. She states that he has funds on deposit in the Franklin National bank and the Old Home Building association and has money due him from the American Bottle Co., where he is employed. She asks that those institutions be restrained from paying him any money and asks for a divorce, alimony and restoration to her maiden name of Lulu Rurk.

Pittsburgh, April 8.—The Rev. Dr. William C. Wallace, of Braddock has accepted the presidency of Westminster College at New Wilmington, Pa., it was announced here today.

"TOM BOWSER" WANTS MATCH IN ZANESVILLE

"Brany" Bowser is again making a bid to break in the limelight by trying to arrange a match under the name Fred Bowser, of Newark. This time the Newark amateur grappler is trying to pass his wares off on the Zanesville fans. The alleged Bowser wants to meet some Zanesville man in a catch-as-can match. Several weeks ago, Cincinnati fans were almost fooled by this same person, who now is trying to get on at Zanesville. Some of these days there is going to be a meeting between the real Paul Bowser and the alleged Fred Bowser, and the weights will be unannounced. This match is not supposed to be staged in a theater, but might be staged in the ozone.

FRENCH AWARE OF IMPORTANCE OF HOLDING LINE

(ASSOCIATED PRESS TELEGRAM)
Berlin, April 7.—via London, April 8.—Information obtained from the French prisoners and orders found on them indicate, according to German correspondents in the Verdun region, that the French are fully aware of the importance of every yard of territory in their salient whose northeasternmost point is Bethincourt, now the only village of this section of the battle front remaining in their hands.
French troops have been ordered to hold every inch of ground with all the force at their command and the correspondents aver, and every German gain is registered only in the face of desperate resistance. The character of the Terrain is well suited to defensive purposes.

BARNES FAILS TO OUST TANNER AS CHAIRMAN

(ASSOCIATED PRESS TELEGRAM)
New York, April 8.—Frederick C. Tanner will continue to be chairman of the New York Republican state committee. An attempt by followers of William Barnes to oust him from that position at a meeting of the committee today for purposes of organization was defeated by a vote of 82 to 63.

Y. W. C. A. Notes

Our dining room has blossomed out again this spring with real roses and daffodils, thanks to our good friends, Kent Brothers. We wonder how many Associations have such friends. And we would have you know that we sincerely appreciate ours.
The I. V. Bible class will meet at 7 o'clock sharp, Tuesday night, Mrs. Jones will give the last of the series of Art Talks, using Holman Hunt's wonderful picture, "Christ, The Light of the World." Everyone is welcome.
The C. I. Scott's Bible class will

have for the lesson on Saturday night, April 8, "The Believer's Standing and State." You are welcome.

Another very interesting and educational entertainment was given by the Y. W. C. A. girl last Friday evening. An Indian wedding ceremony was performed with Rachel Ward as the bride and Mrs. Robinson, the bridegroom and Frances Monette, the priest. The wedding party was appropriately costumed—the bride wrapped in a blanket, the groom gaily attired in much wedding finery. The contrast with our customs was so clearly shown as to bring forth much comment from the guests. During the ceremony Mrs. Grant Jones told in her usual delightful way, many of the curious and to us seeming heathenish customs of the far East. After the ceremony the wedding guests, about forty, were served to tea and cakes by other Y. W. C. A. girls gaily dressed in Japanese kimonos. The dining room was effectively decorated with cherry blossoms and Japanese baskets.

Some of the girls from the boarding home are leaving this week to go into a private home on Bowers avenue, and we wish them much happiness in their new home. They have been with us for over a year and will be missed in our home. Their going will make room for the girls on the waiting list, and this is as it should be. They have been here long enough to have made friends and to know the city. Their places here will be taken by new girls, some of whom will be strangers in the city.

Who wants to join the girls who go out on Easter morning to sing to invalids and shut-ins. If you have never gone with us on this glorious morning trip, you have missed one of the most inspiring joys of Easter worship. You who can go to church to worship amid flowers and music, think what it means to many who would love to go and can not. To have some of it brought to them. Every one is invited to join us.

Many of the Y. W. C. A. girls have received cards from Lydia Garrison, who has recently gone to Bridgeton, N. J. That she is busy is evident by her writing that she put 2170 eggs into the incubator the day after she arrived and that they have over 7,000 baby chicks.

A Plea for Girl's Work in Every Y. W. C. A., or Does the Investment Pay?

By a Girl's Work Secretary.
It is only in comparatively recent times that the girl in her teens has found a place specially created for her within the walls of the Young Women's Christian Association. Up to a few years ago there was little interest or time or money given for the girl as she developed from childhood into womanhood. There were few classes or clubs in the Association building where she could feel at home and meet with companions of her own age, sharing her own interests and her own little problem. But low, the times are rapidly changing, and the girls in the upper grades and in the high schools, as well as those employed in their years in stores and factories, are finding that they have a warm friend in the Young Women's Christian Association.

And now this change has come and the girl in her years of rapid development has found a hand outstretched to help her along the slippery path, let us stop and ask ourselves this question—"Does the investment in time, in money, and even in lives pay?" Without a moment's hesitation comes the answer, "Yes," from those who have made the investment. Look at it if you will from the purely mercenary side and see what the Association gains from the girls' work, or in other words, how do the younger girls help the association as a whole?

(1) In the first place they are live wires; and live wires send the current far and wide, and so our girls send the influence of the Association out into the school, the playground, the church, and the home.

(2) In the second place they stand ready to assist at any function, great or small, held in the Association. If it is to be a membership banquet or a reception where can you find better helpers than among the younger girls? If something is needed in a hurry where can you find swifter messengers, or better office girls in times of emergency?

(3) If a party grows dull or a meeting needs new life just call in the younger girls. They know how to keep things humming. At a supper recently held in one Association for directors and committee workers, for club members and interested friends, it was around the table representing the girls' work that the fun of the evening largely centered.

Not a pause in the program but what the girls filled it with a merry song or cheer and made the evening ring with an enthusiasm which was irresistible and irrepressible.

(4) In these days of great movements publicity holds a high position and usually the greater the publicity the greater the object which it represents. When the girl in her teens goes out from the Association to join with her city in a campaign for the betterment of civic conditions, it cannot but reflect glory from the organization which awakens within her the desire to help in making the community a better place in which to live. For example, the younger girls from an Association which I know gave their time, and their enthusiasm, and their efforts to the sale of Red Cross stamps and netted the Anti-Tuberculosis Association a goodly sum at the close of the campaign.

(5) Having caught the "Association spirit" in girls' work, and growing up in the Association atmosphere, what better board or committee member could you choose than one who in youth has learned the value of this the greatest woman movement in the world.

Theatres

Alhambra, Sunday.
Coming to the Alhambra theatre, Sunday, as the next release on the Equitable program, is "The Woman in 47," in which Alice Brady will play the role of a young and beautiful Italian girl, who escapes from the tyranny of a cruel uncle, comes to this country to meet and marry her lover, and passes through a series of adventures which combine to make one of the most thrilling and absorbing photo-dramas ever shown on the screen before the final happy ending. Love, honesty and pure as well as illicit and sensational, falls to her lot, unconsciously and unintentionally she exercises a wonderful, almost wizard, fascination over every man who sees her, death and disaster follow in the train of efforts to encompass her ruin. In the end she emerges triumphant in the steadfast affection of her boyhood companion.

The play will hold the unswerving of those who see it from the start to the finish.

At Mazda.

The Mazda will run a double bill of seven reels today. Anita Stewart will be shown in "The Painted World" and the added attraction will be "Uncle Tom's Cabin." Seven reels of pictures.

"Florida Enchantment," is the title of the photo play in which Edith Storey, amid the tropical magnificence of that sunny clime, through a mysterious seed is transformed into a man.

At the Princess.

The Princess shows a fine picture today when they present Henry Watling and Miss Joyce Moore in "Ben-Hur" in six parts. Its a wonderfully staged production telling the pathetic story of Ben-Hur, a daughter of the South.

Sunday at the Princess will be seen Mr. and Mrs. Vernon Castle in the thrilling romance, "The Whirl of Life." The story is written by Vernon Castle and their dancing is superb.

SAM OWEN WAS ADVOCATE NEWSIE 30 YEARS AGO

Many old residents of this city had the pleasure of renewing their acquaintance with Newark's first real newsboy this morning when "Sam" Owen came to town.

"Sam" back in 1882 sold to the late John A. Beattie, fish man, the first copy of the Daily Advocate ever printed. The Advocate has been published continuously for 56 years and the daily edition has been issued only since 1882. Later Sam Owen sold the Cincinnati papers here and his cry of "Snati Naitre" could be heard clear across the public square. The young man was industrious, everybody was his friend and he saved some money. The experience he had as a newsboy helped him to get a good start in life. Mr. Owen, who brought the body of his brother Joshua here from Cleveland for burial today, is supervisor for the International Correspondence schools at Newark, N. J., and he is making good.

LONG THROUGH RUN ON OHIO ELECTRIC RY.

What will probably be the longest trolley run in the country by a single car, from Zanesville to Indianapolis, through this city, will be started tomorrow by the Ohio Electric Railway company. The distance is 248 miles and the run will be made in eight hours and fifty-five minutes, an average of twenty-five miles an hour.

The new run will be a limited service, the westbound train leaving Zanesville daily at 7:10 a. m., Newark at 8 a. m., Columbus 9:20 a. m., Springfield 10:55 a. m., Dayton 12 noon, Richmond 1:40 p. m. and will arrive at Indianapolis at 4 o'clock in the afternoon. The east bound train will leave Indianapolis at 9 o'clock in the morning and will leave Columbus at 3:55 p. m., this city at 5:03 p. m., and will arrive in Zanesville at 5:55 in the evening. The new run will prove very convenient to the traveling public, and no doubt will become quite popular with patrons of the Ohio Electric.

BETTER THAN SPANKING.
Spanking does not cure children of bad-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today. If your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

25 Years Ago

BUY YOUR GOODS AT HOME.

Joliet Herald News.
When you send your dollar off to some mail order house you get what you pay for and no more. The merchant whom you helped to enrich never hears of you.

When you buy goods at home you make business ties. The proprietor and clerk want to keep your trade, and will return favors in any way they can. A consistent policy of home buying creates a circle of loyal business friends.

Success comes largely by favor. Many people wonder how some fellows get along so easily. Usually there is no magic or secret about it. They have been trying all their lives to make friends. Buying goods in one's home town is the surest and surest way to create helpful business relations. And it costs nothing extra.

Genuine Bargains
—and others—

It is not always a wise thing to judge a bargain by the sale price quoted. It is a regrettable fact that many stores are not particularly scrupulous about the values they place on the goods they sell. Therefore, it is well to investigate, and to rely as much upon your own judgment as to the value of the goods as upon the store's assertions.

This month our store abounds with genuine bargains, seasonable merchandise of all kinds is reduced in price in order to make this Spring Opening Sale the largest in our history. And please remember that the values placed on the bargains we offer are not over estimated a single penny. The actual savings allowed are sufficiently remarkable.

Y. M. C. A. Notes
A very important meeting of the finance committee was held at the building on Wednesday evening. The following men were present: Dr. C. L. Wreth, E. S. Randolph, C. Harrington Davis, C. L. Flory, J. N. Fugh, and K. I. Dickerson.

The board of trustees will hold a very important meeting on Sunday afternoon at 2 o'clock. Mr. A. H. Lichty, State Secretary will be present.

Physical Director Charles Allen has been sick and confined to his bed for several days this week. He is under the care of Dr. Stedem.

George Wiley and Donald Power have been assisting with the general work of the Association throughout the week.

The Y. W. C. A. Girls are using the gymnasium on Wednesday evenings after the business men's class in practicing for their annual gymnasium exhibition to be given the last of April. The Y. M. C. A. is glad to co-operate in such a way. The lunch counter which has been

Woman's meeting at 2:30, subject, "The Power and Influence of Woman." Preaching at 7:30. Subject, "Divine Guidance." Prayer meeting Wednesday 7:30 Christian Endeavor or Friday 7:30.

running since October closed today and will not be opened again until fall. It serves its place as a social feature of the Association and also assists in the work of providing suppers and lunches for groups of men and boys.

The association officers appreciate cards received from Philip Puckett while on his trip east, and Arthur Kuehner of the B. & O. service, who lived in the building here for some months past. Both of these young men are of the type of which the Association is proud. And the messages are worthy of them.

The Gymnasium dinner held at the Second Presbyterian church last Friday night was not reported through the notes. The whole affair was an encouraging feature of the year's work. The extemporaneous remarks made by President Charles C. Metz and J. A. Flory showed the estimate these men place on the clean living and physical training.

The eighty members of the gym classes who were present at the dinner could feel the force of such talks coming as they did from men who have "practiced what they preach." The strong virile talk by "Livvy" was the kind that counts and was profitable to all.

The following new members have been added since the last writing: Kent Kirkman, Roy Chapman, Dale Fessler, Lawrence Parkinson, Lawrence Lees, Sanford Lees, Burr McKnight, Dale Lambert and Tom Fitzgibbon.

Members Charles Mayer, Roy Sells and Robert Sheppard walked to Buckeye Lake Thursday and all they got was wet feet and no fish.

Watch Child's Cough.
Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later. Don't take the chances—do something for your child! Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing. It's a sweet pleasant Tar Syrup and so effective. Just laxative enough to eliminate the waste poisons. Almost the first dose helps. Always prepared, no mixing or fussing. Just ask your druggist for Dr. King's New Discovery. It will safeguard your child against serious ailments resulting from colds.

Former Newspaper Man Dies After An Operation
Columbus, April 8.—Charles E. Bonebrake, aged fifty-nine, for 15 years connected with the editorial department of The State Journal, recently head of a bonding firm, C. E. Bonebrake & Co., died yesterday at Lawrence hospital following an operation. Both pneumonia and peritonitis developed after the operation.

Mr. Bonebrake was born in Westerville. He graduated from Otterbein college in 1882 and immediately became connected with The State Journal. When his brother, L. D. Bonebrake, was elected state school commissioner, he became chief clerk for two terms.

Funeral services will be held at 7:00 o'clock this evening at the residence, 1186 East Rich street. The body will be taken to Waverly for burial.

Some way word should be got to Villa that we did not raise our soldiers to run a foot race.—Grand Rapids Press.

SIMPLE CORN REMOVER
Don't let corns discourage you. No matter how often you have tried and failed, just remember the new penetration method used by Dr. Hunt gives you instant relief and lifts the corn right out without pain and needless suffering. Dr. Hunt's new corn cure can be obtained at any drug store for 25c. It is simple, easy to use and very effective. Soothing and healing begins at once and corn goes in two days. Better get it today.
